

mage::Loadable

```
graph BT; Engine[mage::Engine] --> Loadable[mage::Loadable];
```

A diagram illustrating a class hierarchy. At the top is a box labeled 'mage::Loadable'. Below it is a box labeled 'mage::Engine'. A vertical arrow points from the 'mage::Engine' box up to the 'mage::Loadable' box, indicating that 'mage::Engine' inherits from 'mage::Loadable'.

mage::Engine
